domysee.com

Vienna, Austria

About me

I'm a team lead with a passion for code quality, building amazing products and great communication.

Education

BSc in Software Engineering
University of Central Lancashire (England)

September 2014 – June 2015

Skills

Web development, JS, TS, React, C#, Asp.Net Core

Languages

German: native
English: fluent

Experience

Bitmovin GmbH - Team Lead

November 2017 – Now

As technical lead for all frontend projects I'm making sure code keeps to a certain standard and guiding technology decisions.

As team lead, I manage and mentor each member, aid them in their progress improve collaboration and am the intersection of product manager, designers and engineering.

Springtime GmbH - Software Developer

August 2015 – July 2017

Design and development of a system to create actionable knowledge, including single-page application, browser-based IDE for a new language we developed, design and implementation of the backend.

Wattmann Tarifmanagement KG - Self-Employed

October 2013 – Now

Development of a client management software supporting the specific workflows of the company and automating tasks like document creation, email sending and salespeople management.

Side-Projects

FrontAlert

A service for frontend developers helping them to stay up to date with current developments of browsers.

DreamFort

A user-friendly and privacy focused dream journal for iOS.

IsMyDependencySafe

A service alerting users of new discovered vulnerabilities in software they use.
